

2m Length 4500W Blind Ultrasonic Cleaner 160L Tank Removing Dust

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: SKYMEN
- Certification: CE, RoHs, FCC
- Model Number: JTS-1036
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: wooden case
- Delivery Time: In Stock
- Supply Ability: 1000 pcs per month

Product Specification

- Application: Clean All Kinds Curtains
- Power: 1800W+ 4500W
- Cleaning Tank Sizecontrol: 2000*200*400mm
- Thermal Insulation: Available
- Tank Capacity: 160L
- Basket To Hold Curtain: Available
- Cleaning Time For 1 Curtain: 30 Minutes
- Detergent: Need
- Highlight: **2m Length Blind Ultrasonic Cleaner, 4500W Blind Ultrasonic Cleaner, 160L Ultrasonic Blind Cleaning Machines**

Product Description

Blind Ultrasonic Cleaning 2 Meter Length Removing Dust 4500W Heating Power blind ultrasonic cleaner

Curtain/Blind/Drape Ultrasonic Cleaner

1. It's designed for 2 meter cleaning curtains.
2. It's for Ultrasonic clean with heating function, you can put chemicals in this tank to clean, cleaning time is about 15~30 minutes.
3. Both fabric curtain and blind can be put in tank to clean, no damage to curtain

Product Description

FEATURES

1. Fast and thoroughly cleaning
2. Saving labor; time; detergent
- 3 With 9000W heating power
4. 2M, 2.4M, 3M length is optional
5. No damage to curtain
6. Removing dirt and dust easily
7. With emergency stop switch
8. SUS 304/SUS 316 tank material
9. Liquid level switch can be added
10. Thermal insulation can be added
11. With water inlet/out let in suitable place
12. With stainless steel basket
13. Filtration cycle system is available
14. Lifting system for basket is available
15. Double/Multi frequency is available

APPLICATION

- Traditional fabric drape -Venetian blind -Roller shutters -Honeycomb shade
- Cellular Shades -Honeycomb and Pleated Shades
- Roman Shade
- Wood woven shade
- Bamboo curtain splint
- Reed screen shade
- Artificial fiber curtain

Product Overview

Model No.	JTS-1036
Function	Ultrasonic cleaning + Hot water cleaning
Application	Clean all kinds of curtain/drape/blind
Ultrasonic Frequency	28/40kHz (other frequency can be customized 68KHz, 80KHz, 132KHz)
Tank Material	SUS 304 (SUS 316 can be customized)
Thickness of tank	2mm
Ultrasonic tank dimension	2000*200*400mm (Length*width*deep)
Whole Machine dimension	2700*600*900mm (Length*width*deep)
Packing dimension	2800*700*1100mm (Length*width*deep)
Gross weight of machine	150KG
Tank Capacity	160 Liter
Transducer of Ultrasonic Bath	36pcs
Ultrasonic Power	1800W
Heating Power	4500W
Time setting of Ultrasonic	0~99 hours
Temperature setting	Room temperature ~ 95°C / 203°F adjustable
Drain hole	On the bottom of inner tank
Water inlet/outlet	Yes; 1 inch
Generator	1pcs
Generator power control	1800W
Basket	Available
Length of power line	3 meters
Power supply	380V/220V 3 Phase; 400V; 415V; 600V is also available
Warranty	1 year
Certificate	CE; RoHS; FCC; REACH
Lead time	20 Working days

Our Company

Skymen Cleaning Equipment Shenzhen Co., Ltd., was founded in 2007. With factory of a 6 floors building (10,000 square meters), Skyman owns a professional R&D team to keep the pace with international ultrasonic technology. In order to make sure the molding quality control, Skyman established its own mold injection department as well.

Ultrasonic Cleaner Production capacity :

30000pcs /month for household ultrasonic bath;

10000pcs / month for stainless steel Industrial ultrasonic cleaner

Our Devices:

Sub-contract SMT factory, including Bending machine, Cutting plate machine, Turning machine, Milling machine, Grinding machine, EDM machine, Oven machine, Sand blaster, Injection Machine, Punching machine etc.

Test equipment : Hi pot tester Oscillometer , Dynamometer etc.

FAQ

QUESTION: When should I consider adding ultrasonics to a cleaning process?

ANSWER: Usually, the answer is whenever parts are not getting clean enough using the current method. Ultrasonics become a MUST when cleaning issues are negatively impacting productivity, quality and/or the bottom line. Effective cleaning with ultrasonics has been proven in a wide range of industries ranging from microscopic medical devices to reconditioned locomotive shafts, from aerospace parts to parts prior to coating, and more.

Ultrasonics can be included in a new cleaning process or sometimes can be retrofitted into an existing process. In many cases, rejects due to residue on parts can be virtually eliminated with the addition of ultrasonics into clean and/or rinse stations in a properly-configured parts cleaning line.

QUESTION: What's advantage of Skyman industrial ultrasonic cleaner?

ANSWER: Skyman industrial ultrasonic cleaner is the best method to have thorough cleaning without damaging objects. It helps to remove stubborn dirt and oil from almost anything, make them look new once again. It's very safe and easy to operate, proves to be a best helping hand for you.

QUESTION: What is the optimized frequency for cleaning our parts?ANSWER: Frequency is suggested based on contaminants in the objects. 28 KHz is stronger, better for car, motor, vessel parts cleaning(for removal of oil, grease,pastes) 40 KHz is better for main board and other electronic parts cleaning. The higher precision the cleaning object has, the higher frequency should be choosed.

QUESTION: How often should I change the cleaning fluid in my tank?

ANSWER: Changed whenever it becomes visibly too contaminated, or when the cleaning process is not as effective.

QUESTION: Why do I need to use a basket?

ANSWER: Basket would help to load objects together, and get better cleaning effect.

QUESTION: Will industrial ultrasonic cleaner damage parts?

ANSWER: Although the effect of thousands of implosions per second is powerful, the cleaning process is safe. No damage to your daily objects.

QUESTION: What about the warranty and after sales service?

ANSWER: 1 Year warranty for Skyman industrial heat exchanger ultrasonic cleaner. If any technical problem during warranty time, replacement parts will be sent free of charge. And technical support is also available after 1 year.
