

38L fuel injector Industrial Ultrasonic Cleaner , ultrasonic instrument cleaner with drainage

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SKYMEN
- Certification: CE, FCC, RoHS
- Model Number: JP-120ST
- Minimum Order Quantity: 1 unit
- Price: Negotiation
- Packaging Details: 1 unit/wooden case
- Delivery Time: In Stock
- Payment Terms: Paypal, T/T
- Supply Ability: 500unit/per month

Product Specification

- Tank Material: SUS304
- Tank Size: 500*300*250
- Tank Capacity: 38L
- Ultrasonic Power: 600W
- Ultrasonic Frequency: 40KHz
- Heating Power: 1500W
- Highlight: **automotive ultrasonic cleaner, ultrasonic cleaning device**

FAQ

Q. Can ultrasonic cleaning damage my parts?

The effects of thousands of air bubble implosions per second is very powerful but the cleaning process is safe since the energy is localized at the microscopic level. Ultrasonic cleaning is considered, safe for most parts.

Q. Why is a special solution required for cleaning?

If no special solution, Oil or other dirty adhere to the parts would just fall off the parts! The purpose of the solution is to break the bonds between parts and their oil. Water alone has no obviously cleaning properties.

Q. What cleaning solution should I use?

Modern ultrasonic cleaning solutions are compounded from a variety of detergents, including wetting agents and other reactive components. A large variety of excellent formulations are available, designed for specific applications. For selecting which one solution, you could consult your local solution company and they can give you more professional advice.
